

Continuation of Futures Advisory Committee April 17 Adopted Resolution

The members of the VSH Futures Advisory Committee believe that this group has a constructive role to play in the planning process for the VSH Futures Plan, and are vested in the continuation of the group after June 2006. This planning process will continue whether or not the VSH Futures Project remains subject to the Certificate of Need process, in whole or in part. We believe the process will benefit from the involvement of a diverse group of stakeholders, which is currently represented on the VSH Futures Advisory Committee.

Therefore, be it resolved that we recommend to the Vermont Legislature that the language of H.644 be included as an amendment to the FY 2007 state capital or appropriations bill, to authorize the continued existence and mandate of the VSH Futures Advisory Committee.
